

Jesus Was Such A Nice Guy

Many people retain an image of a Jesus who is meek-and-mild, which certainly describes Jesus accurately some of the time. But there were times He had to run or hide. There's a reason He didn't die of old age, but was crucified instead. Here are seven days' worth of Scripture passages, two per day, that Jesus spoke. Each day choose one or the other and ask if you would endorse what Jesus said or if you would reject it like those in Nazareth did. After considering your first impression, pray about it. Feel free to look for more background on the passage as well. Then put into action what you believe Jesus wants you to do now.
